

# Laura Chappell's Network Analysis and Security Toolkit (NAST) Course

[Dates and locations on next page]

Registration Open at [www.hotlabs.org/toolkit](http://www.hotlabs.org/toolkit)

**SPECIAL OFFER: MS Webcast viewers can receive a free video iPod loaded with the Laura Chappell Master Library videos (you'll also get the full library on DVD) when they register for NAST.**

***You must register for the course before May 31<sup>st</sup> to receive the free iPod.***

To redeem your free video iPod, send an email to Art Allen <[art@inynet.org](mailto:art@inynet.org)> after you complete the online registration.

Laura's toolkit includes everything you need to effectively do Network and Security Analysis.

**NAST:**<sup>TM</sup> includes:

## Hardware

- ✍ A Dual-boot Dell Laptop Computer
- ✍ A Backpack to carry the toolkit components and laptop
- ✍ A compact, all-in-one Router/Switch/AccessPoint
- ✍ Keyghost hardware keylogger
- ✍ A "true" Hub
- ✍ and more

## Software

- ✍ Over \$3,000 of fully-licensed software for Network Analysis, Security, and Forensics (including fully-licensed copies of NetScanTools Pro, NetResident, KF Sensor, Password Recovery Toolkit, forensic tools, eMail Tracker Pro, Caller IP and Invisible Secrets installed on the Windows side and Security Auditor (including Macof, Xprobe2, Nessus and more) installed on the Linux side)
- ✍ Other Open Source, GPL and freeware Software Tools
- ✍ and more

### Integration

- ✍ Laptop preconfigured for dual-boot operation (Windows XP SP2 and Linux)
- ✍ Licensed software installed, configured and registered for each student
- ✍ System Backup and Recovery options in place

### Training

- ✍ Three days of Live Hands-On Training at the US city listed on this page.
- ✍ Self-Paced Courseware — the Laura Chappell Master Library™ (LCML). All 5 Volumes (DVD-ROM) plus the Bonus CD "Introduction to Wireless." This represents over three solid weeks' worth of self-study materials.
- ✍ Suggested Prerequisite: the Self-Paced Course "Performing Network and Security Analysis with Ethereal" (Volume 5 of the LCML, the new 2006 upgrade) – shipped in advance of the course

### Value

- ✍ Combined retail value over \$8,500
- ✍ Full Package only \$4,495!

**REGISTER TODAY - [www.hotlabs.org/toolkit](http://www.hotlabs.org/toolkit)**
